In accordance with a resolution adopted at Grand Rapids, May 10, 1876, every county will be entitled to one delegate for each 500 of the total vote cast for Governor at the last State election (in 1882) and one additional delegate for every fraction of 300 votes, but each organized county will be entitled to at least one delegate.

Under a resolution of 1858 no delegate will be entitled to a seat who does not reside in the county he proposes to represent. In accordance with a resolution adopted at a meeting of the State Central Committee at Detroit, June 23, 1880, the Secretary of each County Convention is requested to forward to the Secretary of the State Central Committee by the earliest mail after the delegates to the State Convention are chosen a certified list of such delegates as are entitled to sit in the State Convention.

DETROIT June 21, 1884.

THE TIMES notes with great pleasure, the 4th appointment of Hon. J. W. Paterson, as Superintendent of Schools in New Hampshire.

In all Presidential calculations it is perfectly safe to set down the six New England states as certain for Blaine and Logan.

Speaking of the so-called Independents, the celebrated Rev. Dr. Webb, of Boston, says: "The Pharisee is not much better in politics than in religion."

Henry Carey Baird, one of the ablest men in the Greenback party, abandons it, on account of its free trade heresies, and supports Blaine and Logan on a protection platform.

The Howard City Record says: "Crosby and LaDu would make a ticket that would be endorsed by every temperance man in the state, and would be elected with a majority that would make the opposition tired."

Now is the time to subscribe for a live, wide-awake Republican newspaper for the campaign. THE TIMES is thoroughly Republican, because we believe in the principles laid down in the Republican platform, and propose to make it red hot for the opposition.

Every Republican paper in Michigan, several Independents and one Democratic Journal, have put up the Blaine and Logan flag. THE TIMES has no doubt, of 50,000 majority in this state, judging from the enthusiasm with which the National nominations are received.

The Republicans of Indiana, have nominated Congressman W. H. Calkins for Governor, and he will be elected by a decided majority over Grey the Democratic candidate.

The South Haven Messenger says: "The Grand Traverse Herald, speaking for the party in northern Michigan, ably favors Hon. C. G. Luce. We move that he be nominated by acclamation."

To Gen. Logan, as the commander of the Grand Army of the Republic, in 1868, more than to any other person the soldier boys are indebted, for the establishment of Decoration day, as a National holiday.

Gen'l Benjamin F. Butler has accepted the Fiat nomination for President, in a long letter, that so far as any expressions of opinion, or indications of political policy is concerned, is as flat, as his party platform.

The East Saginaw Herald says: "The sentiment of Michigan Democrats, as gleaned from interviews with representative members attending the State convention at Detroit, is decidedly against Butler, and against fusion."

It is said that the administration is negotiating for the purchase of Cuba, and that an offer of \$100,000,000, has been made to Spain. THE TIMES hopes the report is true; the queen of the Antilles should be ours. We do want Cuba! Yes we do!

THE TIMES is surprised to see the Boston Transcript quoted as a Republican paper. It has never been that. It has always been an Independent, social, and literary journal. At times it has been for the Republican tickets, and then opposed, but has never been a partisan journal, and is owned and published solely by ladies.

The Indianapolis Sentinel has made the wonderful discovery that "Blaine, and Calkins are not great men." It should at once patent its information, because the people recognize James G. Blaine as by far the ablest living American, and one of the most profound statesmen the world has produced.

It now seems that the Republicans of the 6th district would re-nominate Hon. O. L. Spaulding. Should they do that, the wool growers of the district will make sure his election by such a majority as will advise Mr. Winans that low tariff on wool is not the desire of the people, who he today misrepresents in the Congress of the United States.

The so-called Independents of New York and Massachusetts, there are not enough of them in the west to have their existence recognized, want free trade. That is just what the working and producing classes do not want. They are cold blooded, codfish aristocrats, whose every instinct is at war with every interest of the working classes. Voters remember this.

Quick Relief!

When a man has suffered from Rheumatism only a little while, and is relieved from his pain, he is happy and delighted. But suppose he has suffered for more than a third of a century.

Alvin Grim, of Volo, Iowa, writes: "ATHLOPHOROS has helped me much. The pain in my limbs is all gone, but sometimes I am left yet, and well there might be, for I have been troubled for thirty-five years with Rheumatism."

Mrs. A. B. Baker, of Chicago, Had rheumatic pains in her back for fifteen years,

and Mr. Baker had been the victim of rheumatism until his head was drawn down over his left shoulder. Mr. Baker writes:

"Half a bottle of ATHLOPHOROS made me as good as new. My wife has taken the other half, and has not complained of her back since. She says her back never was so free from pain and ache as it has been since she has taken the ATHLOPHOROS."

There are many people who think that because they have suffered so long, and have tried so many medicines in vain, they must suffer on their three score years. But you see what ATHLOPHOROS has done.

However Old your Case!
However Severe your Pains!
However Great your Disappointments,
Try Athlophoros!

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us as directed.

To M. B. Church, Manager:
DEAR SIR:—The Alabastine put on the walls of the Chemical Laboratory more than four years ago is in as good condition and bright in appearance as when first applied, save where water from a leaky roof has injured it. The Alabastine seems to grow harder with age, making a firm and coherent covering, and has no tendency to soil the clothing by contact, as whitewash and kalsomine will. I am well satisfied with Alabastine. Yours faithfully,
R. C. KEDZIE,
Professor of Chemistry.

Do not be imposed upon with cheap imitations as the inferiority of a cheap article sold as a substitute may not be seen when first put on, but when first put on, but no one claims that it is very durable. ALABASTINE COMPANY.
